

## THE IMPROVED WOODCHUCK II LOG CARRIER

Our new and improved Woodchuck II Log Hauler takes the the back breaking work out of stocking up the wood box. This is the updated model of the popular WC20 Woodchuck.

**SUPERIOR DESIGN** - This updated Woodchuck II includes a beefed up axle and improved load handling that makes hauling even easier. It is now a narrow 24" wide!

**VERSATILITY** - Add the optional pellet pallet add-on for pellet bags, fertilizer bags, etc. Excellent for multiple hauling needs!

**IMPROVED CAPACITY** It will handle firewood from 12" to 30" and loads up to 200lbs.

**DURABLE CONSTRUCTION** - Galvanized and plated steel components for rust resistance and strength.

**ENHANCED ERGONOMICS** - It has 20" semi-pneumatic wheels for going over rough terrain and through snow. The wheels also make it easier to navigate steps.

**MADE IN VERMONT:** 100% hand crafted and manufactured in the USA in Vermont! Why risk buying a cheap imitation or inferior hauler?

**ONE YEAR UNCONDITIONAL WARRANTY** - only Carts Vermont can offer a warranty like this!

- Easier to Use!
- More Capacity!
- Narrower Width!
- Stronger Frame!
- Greater Load Stability!
- Better Tires!
- Multiple Uses!
- Made in the USA!
